

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

I use my phone for safety reasons as do other people. Its not fair for you to make us pay more than what we should have to. I use my phone for incase I have an emergency when I am babysittig especially. If you were put in or place you would be saying the same. So please think of others!!!!!!!!!!!!

Sincerely,

Tina Turpin
